TO WHOM IT MAY CONCERN

Dear Sir/Madam,

RE: INDUSTRIAL ATTACHMENT – DEMBA DANIEL ODHIAMBO (CI/00137/016)

The above named student is in third year second semester of BSc. Computer Science in the Department of Computer Science and wishes to be considered for industrial attachment in your organization. The BSc. Program in Computer Science is a four year course and to complete it, each student is required to undergo a three-month industrial attachment in any relevant field of computing.

The attachment period for this student will be from May to August 2019. By this time the student will have undergone vigorous training, covering both hardware and software aspects of computing.

The courses covered include Electronics, Computer Networks and data communications, Database Systems, Operating Systems, Information Systems Analysis and Design, Computer Systems and Architecture, Distributed Systems, Programming (Pascal, Java, C and C++), Desktop Publishing, Web-design/Internet Computing/e-commerce, Mobile Computing, Human computer Interaction, Management Information Systems, Data Structures and Algorithms, Intelligent Systems, Discrete Structures etc.

During the attachment the attachee will be assessed jointly by a supervisor from your organization and the other from Maseno University.

We shall be very grateful if the request is highly considered.

Yours faithfully,

Mr. Michael Adongo
For Chairman, Department of Computer Science
